Maitland Manor News

Message from Jennifer Lightfoot, Program Manager

It is with great pleasure that I am announcing a new face to the management team at Maitland Manor. Tanya Adams has taken over as our Executive Director. Tanya brings a wealth of knowledge to Maitland Manor and has some wonderful ideas to improve the lives of our residents.

Nice Weather - Now that the nice weather is here, the tables and chairs have been set up in the garden areas. We would like to encourage you to sit with your loved on in the Courtyard or Therapeutic garden as these are areas that are safe for all residents. Please do your best to refrain from sitting on the front porch as many of our residents are not able to be out there due to safety concerns however, when they see other people sitting out there they do not understand why they cannot be there too. If you need assistance finding any of these garden areas, please don't hesitate to ask. Also, please ensure when you are entering or exiting the home that residents are not following you. Please check with a staff member if you are not sure if they should be going out. Thank you for your cooperation!

Sun Safety!

We are asking families to check to make sure your loved one has a hat to wear outside through the summer months to protect them from the sun. If you bring a new hat in, please mark it with your loved ones name or ask a staff member to do so.

Staff will apply sunscreen as needed to those residents that enjoy sitting in the sun.
